Senior at Gunn  
High School

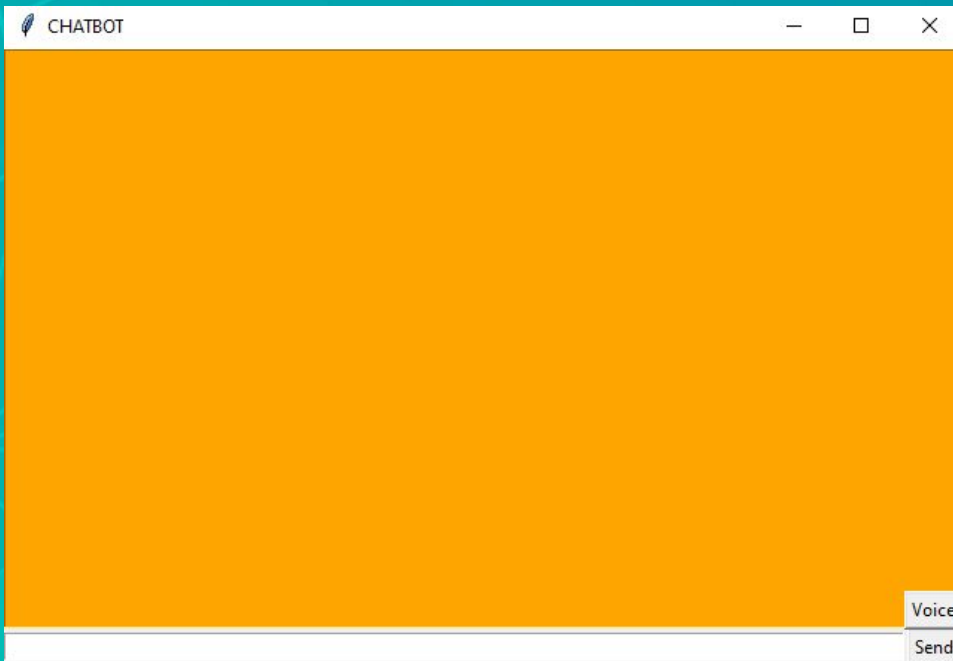

# About App..

- The App is a chatbot that allows to user to talk to the chatbot either through voice or text. So far, there are only limited things the chatbot could respond to but this will increase in the future.

How do I use the App?

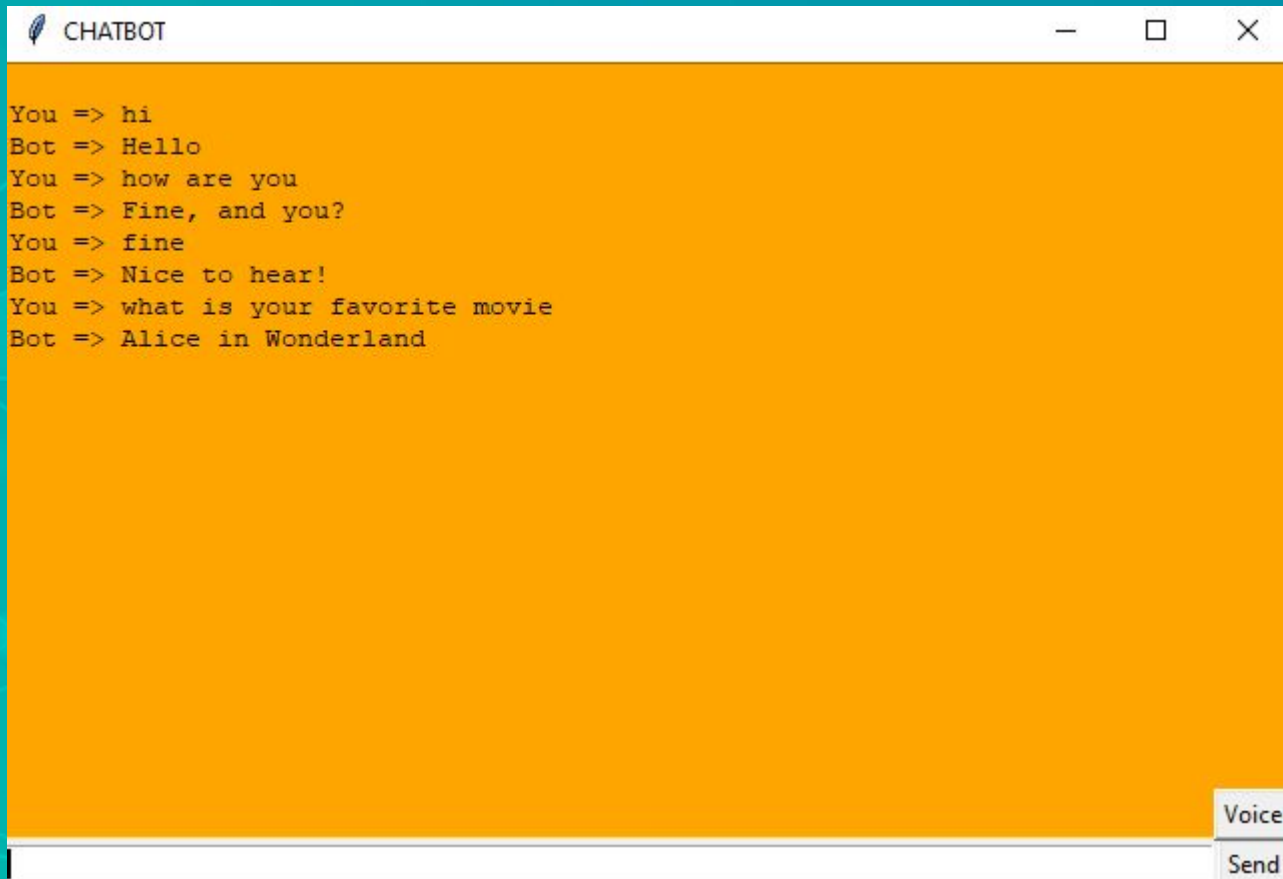

# Chatbot Functions

- There is text box to type a message to chat bot
- Send button sends the message
- Voice listens to your voice and automatically sends your message

# Chatbot Output

- Example of conversation

# Contact Person

- Please reach out to Aydan See at [aydansee@gmail.com](mailto:aydansee@gmail.com) for any questions.

The background is a solid teal color. Overlaid on this is a network of thin, white lines connecting small, glowing white dots. The dots are scattered across the frame, with a higher concentration on the left side, creating a sense of a digital or neural network.

Thank you!
